## Proposed Species Options

### Option 1 – Combination of Species

<i>Acer campestre</i> 'Evelyn' (Queen Elizabeth Maple)	
Power line side 	This is a small to medium deciduous tree with upright branching habit. Small leaves with rounded lobes dark green in summer turning yellow in autumn. Flowers are green and inconspicuous.  <b>Mature Size (h x w):</b> 8-10 x 7m <b>Form:</b> Round
<i>Acer truncatum x platanoides</i> 'Taggart Sunset' (Truncatum Hybrid Maple)	
Non- power line side 	This very attractive small to medium-sized Maple has glossy, dark green, sharply-lobed leaves, which change to a multitude of yellows, oranges and reds in autumn. Moderately fast growing, it is known to perform well in trying conditions. Flowers in late spring.  <b>Mature Size (h x w):</b> 12-15 x 10m <b>Form:</b> Upright

## Street Tree Renewal Information – Leeds Road, Mount Waverley

### Option 2 – Combination of Species

<b><i>Buckinghamia celsissima</i> (Ivory Curl Tree)</b>	
Alternating pattern 	This tree has attractive foliage - the juvenile leaves are often lobed while the new growth is an attractive bronze colour. Flowers are white to cream and occur in summer, attracting birds and insects. <b>Mature Size (h x w):</b> 8 -15m x 8 -12m <b>Form:</b> Round
<b><i>Corymbia citriodora</i> 'Scentuous' (Dwarf Lemon Scented Gum)</b>	
Alternating pattern 	This tree is well known for the lemony scent that is emitted from its foliage year round, providing a beautiful aroma in any space. The Citriodora has a lush, dark green foliage and works wonderfully as a free-standing shade tree. <b>Mature Size (h x w):</b> 7 x3m <b>Form:</b> Oval

### Option 3 – Single Species (both sides of the road)

<b>Tree: <i>Koelreuteria paniculata</i> (Golden Rain Tree)</b>	
	This is an elegant, slow-growing small tree. The foliage turns bronze to gold in autumn. In summer the tree has chains of bright yellow flowers followed by papery lantern type seed pods hanging from the tree in large clusters. <b>Mature Size (h x w):</b> 6 x 4m <b>Form:</b> Round
