

## Proposed Species Options

### Option 1 – Combination of species

#### Powerline side of road

#### *Tristaniopsis laurina* (Luscious Kanooka)

An Australian native. Leaves are dark green, shiny and large. New growth starts in a distinctive copper colour and further interest appears over time with the branches developing deep purple coloured bark which peels back to reveal a smooth, cream trunk. Flowers are yellow and sweetly perfumed, appearing in clusters through summer.

#### Mature Size

**Height x Width (m):** 8m x 4m

**Form:** Oval

#### Non-powerline side of road

#### *Callistemon viminalis* (Weeping Bottle Brush)

This is a pretty bird-attracting tree with a heavy crown due to the profusion of brilliant red flowers in spring and summer. It is the weight of these flowers that gives it a pendulous habit.

#### Mature Size

**Height x Width (m):** 6-8m x 6-8m

**Form:** Round

## Option 2 – Combination of species

### Powerline side of road

#### *Eucalyptus mannifera* 'little spotty' (Little Spotty)

'Little spotty' is a small, slender, very hardy, evergreen tree. The leaves are fine and grey-green in colour and the bark is creamy white with cream or red patches. It has lovely masses of cream coloured flowers from winter to summer, which is great for attracting nectar-feeding birds.

#### Mature Size

**Height x Width (m):** 5-7m x 6m

**Form:** Round

### Non-powerline side of road

#### *Lophostemon confertus* (Queensland Brush Box)

This is a fast growing tree. Dome-like in shape, it develops a very dense foliage cover of dark green, leathery leaves providing good shade for the summer months. Summer also brings clusters of small white flowers whose stamens give them a decorative fluffy appearance.

#### Mature Size

**Height x Width (m):** 10m x 15m

**Form:** Oval

**Option 3 – Single species (both sides of the road)**

***Acer platanoides 'Crimson Sentry' (Crimson Sentry Norway Maple)***

This is a flashy crimson foliaged maple with dense upright branching. It has a compact growth habit with its large crimson leaves in summer turning to gold and orange in autumn. Adds great colour contrast foliage. A small tree with greyish-black bark that is lightly textured.

**Mature Size**

**Height x Width (m):** 7m x 4m

**Form:** Upright
