1. Background

1.1 Purpose

The Monash Tennis Plan has been developed in collaboration between Council and Monash tennis clubs to establish key principles and strategically address important issues through the development of an action plan to guide the future of tennis in Monash.

1.2 Objectives

- Provide clear guidance on Council and club responsibilities for investment into tennis facilities.
- Establish investment priorities for community funded tennis infrastructure.
- Ensure that tennis is a sport that is available and accessible for the whole Monash community to enjoy.
- Ensure that Monash tennis venues are places that support active participation and community health and wellbeing.

2. Strategic Context

2.1 Monash Council Plan 2017-2021

The Monash Tennis Plan has been developed with strong links to the four strategic objectives of the Monash Council Plan 2017-2021.

2.2 Methodology

Research and Data

- Tennis court condition audits
- Tennis court lighting audits
- Tennis club participation audits
- Tennis club mapping
- LG benchmarking

Consultation

- Tennis club introduction meeting
- Tennis club forum
- Discussion paper with community survey
- Tennis Victoria liaison

Document Development

- Analysis of key findings from data collection and consultation
- Actions for Monash Tennis Plan developed
- Council and community feedback
- Finalisation and adoption of Monash Tennis Plan

2.3 Key Findings

The data captured as part of the methodology outlined in section 2.2 has provided us with a strong evidence base to develop actions for the Monash Tennis Plan. Key findings include:

Infrastructure

36% of court bases are compromised due to tree root invasions

84% of courts do not meet preferred floodlighting standards

77% of courts are located in Glen Waverley, Mount Waverley and Wheelers Hill

Participation

On weekdays, tennis club court utilisation drops to 40%

Membership at Monash tennis clubs has dropped 4% since 2010

110 male committee members across all tennis clubs, as opposed to 52 females

Forum

“Prioritise investment into facilities in the worst condition”

“Cost of capital improvements is the most critical issue for clubs”

“Work towards less clubs but bigger clubs at bigger venues”

Discussion Paper

67% of respondents were supportive of clubs offering casual and non-member participation

91% of respondents were supportive of Council investing in tennis facility renewals

70% of respondents were supportive of working towards fewer, bigger clubs

3. Guiding Principles

The following guiding principles have been used to develop actions for the Monash Tennis Plan.

Optimising use of tennis facilities

- Prioritise bigger and more vibrant tennis venues that have a minimum of 6 courts.
- Provide opportunities that cater for non-member and casual play.

Inclusive and accessible tennis clubs

- Tennis clubs will provide inclusive and flexible participation opportunities.
- Tennis Australia’s recommended court to population ratio of 1:2,000 will be adopted as a guide for the distribution of tennis facilities in Monash.

High quality and successful tennis venues

- Tennis facilities are renewed and maintained to meet minimum standards.
- Environmentally Sustainable Design principles will be embedded into all tennis facility planning, with priority given to investing in tennis infrastructure that is more efficient for clubs to maintain and operate, such as synthetic court surfaces and LED lighting, and only on court bases that are structurally sound.
- Tennis Australia’s 4 key pillars of successful tennis venues, namely *Accessibility*, *Sustainability*, *Community Benefit* and *Accountability* are aligned to actions of the Monash Tennis Plan.
